

Only One For Me

Elevation Youth

VERSE 1

Caught up
In something that I've never felt
This love
It's one in a million

VERSE 2

Blank heart
Tried everything to fill it up
With one touch
I'm finally living

PRE-CHORUS

Your love kick-started my heart
Electricity sparking something new in me
Wilder than all of my dreams
You are the only one for me
The only one for me
The only one for me
